

**ROMPERS PRIVATE NURSERY**  
**Q1 5 SELF EVALUATION**  
 September 2020

**Staffing arrangements**

Quality indicator 5.3: Staffing arrangements are responsive to the changing needs of children during COVID-19. (Not applicable to childminding services who do not employ assistants.)

<p align="center"><b>How well are we doing?</b></p> <p align="center"><i>This is the key to knowing whether you are doing the right things and that, as a result, children are protected as staff take all necessary precautions to prevent the spread of infection.</i></p>	<p align="center"><b>How do we know?</b></p> <p align="center"><i>Answer this question with robust evidence. The quality indicator, along with the views of staff children, and their families can help you evaluate how you are doing. You should also take account of performance data collected by your setting</i></p>	<p align="center"><b>What will we do now?</b></p> <p align="center"><i>Understanding how well your setting is performing should help you see what is working well and what needs to be improved. From that, you should be able to develop and prioritise plans for improvement.</i></p>	<p align="center"><b>Timescale Responsibility</b></p>
<p><b>Social Distancing</b>            Staff are social distancing within the playrooms and especially during lunch breaks.            Staff to welcome parents and children outside and stay safe buckets are used to maintain two meter distance.            Staff when required to collect a child from the parents arms will ensure that this is supportive to the child and they are advised that they can wear a face covering if they wish. At this moment in time no staff wish to do this.</p> <p><b>PPE</b>            The correct PPE is available in all rooms for meals times and nappies this ensures staff are well supported and confident.</p>	<p>No positive cases of COVID (test and protect folder).</p> <p>Positive feedback from staff/parents through online survey evaluating the return to nursery (google form, daily feedback in conversation, feedback on app).</p>	<p>Continue to follow current guidelines.</p> <p>PPE Stocked up at all times.</p>	<p align="center">All Staff</p>

<p><b>Staffing</b>  As we are an indoor/outdoor nursery, the outdoors is used consistently throughout the day.  Additional staff have been employed to support flexibility in groupings of children within the setting especially in the outdoor classroom. Rotas are in place to ensure staffing is planned across the day to ensure high quality care and learning can take place. Team Leaders work collaboratively to support all parts of the nursery to ensure children are supported and care is delivered to a high standard. Staff are aware of the potential impact of the virus and therefore strive to create a positive ethos which promotes a happy and secure environment for children, staff and families.</p>	<p>Following rules and guidelines (staff meeting minutes).</p> <p>Staff files (start dates for staff/job roles).</p> <p>Day to day practice demonstrating Team Leaders coming together along with TL meetings.</p> <p>Evidence in photos, observations, planning etc of time outdoors/indoors.</p>	<p>Team Leaders continue to support each other and all staff across the nursery.</p> <p>Ensure free flow access between indoors/outdoors continues.</p>
