Staff at Rompers are aware of the SSSC code of practice that they should follow in order to remain both employed by Rompers and SSSC registered.

Mobile Phones

At Rompers we believe our staff should be completely attentive during their hours of work, this is to ensure all children in the nursery receive good quality care and education, therefore mobile phones are not to be used during working hours.

Mobile phones will be switched off during working hours and left in the nursery phone box. Any member of staff who is found to have their phone switched on, on their person or in use, during working hours, without prior permission will be subject to disciplinary action. Staff may use their phones during their lunch break. The management team may have their mobile phones switched on for use for business purposes only.

- Mobile phones must not be used unless on a designated lunch break and then this must be away from the children.
- Mobile phones should be stored safely in the nursery phone box at all times during the working hours.
- A staff member will take with them whilst on a nursery walk or outing a nursery emergency phone. Whilst on the walk or outing the mobile phone must not be used for social purpose.

There are **no circumstances** under which any member of staff may use their mobile phones to take photographs within the setting and any such event will result in disciplinary action. Nursery cameras and iPhones are available to staff members at all times for taking photographs.
