

## **ROMPERS PRIVATE NURSERY**

### **TOILET TRAINING POLICY**

#### **Policy Statement:**

At Rompers we aim to help all children to become independent in toileting giving a safe and secure environment for all children to do this in. All staff will take a positive approach to children toilet training and will help to support all parents with this important stage in their lives.

#### **Aims of this Policy:**

- To support parents/carers in the toilet training process
- To work with the parent/carer in supporting their child during this change
- To ensure toilet training has been thought about and attempted at home before beginning at Rompers
- To ensure health and safety requirements have been met for toilet training within the nursery

#### **Procedures:**

- Staff will offer support and advice if required to parents/carers when they begin their child with toilet training
- Staff will work alongside parents/carers in providing continuity eg, using the toilet or potty, rewards and frequency of going to the toilet
- Staff will be aware of the emotional effects of this life change and take this in to consideration at all times
- All children beginning toilet training will use a positive reward sticker chart unless another method appropriate to the individual needs of the child is used
- We would ask that toilet training is considered before the move into the pre-school room around the age of 3, however if this has not been the case then staff will be supported by management to approach the idea with the parent/carer and support them fully in the beginning of the toilet training process

#### **Health and Safety Requirements:**

- If a potty is required for the child to do toilet training, the potty must have a lid or be stored in a container with a lid
- If there is a potty to be used it MUST be cleaned out after every use using anti bac spray and toilet roll so it can be disposed of
- The potty MUST be sterilised every day
- If a toileting accident happens
  - Wet clothing shall be placed in a nappy bag labelled and sent home
  - Soiled clothing will NOT be washed here at nursery but shall be placed in nappy bag and labelled

- Very heavily soiled clothing will be disposed off for health and safety reasons in a yellow beg and put in our clinical waste bin

**Monitoring:**

- This policy will be monitored annually

Parents will be asked to sign when registering at Rompers to say that they have been fully informed that this policy is available in the parent policy folder in the cloakroom and available to view online at the nursery website.
