

ROMPERS PRIVATE NURSERY

PARENTAL INVOLVEMENT POLICY

Policy Statement:

At Rompers we value ourselves as partners in working alongside parents/carers to support children during their time within the setting. We always strive to provide high quality childcare as well as providing a wide range of experiences and opportunities for children to learn and develop appropriately.

We value parents/carers and at all times and encourage them to be involved within our setting whether this be participating in events, sharing views and suggestions or other factors of nursery life. Research also informs us that the more a parent is involved within their child's learning, the more likely the child will be to reach higher outcomes in the future.
